Newark, N.J.—The year 2023 is a significant one for the preservation of the Ukrainian language and culture in the United States. This year marks the centennial of the Ukrainian Language Foundation (ULF), which was established in 1923 to promote the teaching and use of the Ukrainian language in American schools.

The foundation is also collaborating with various partners to launch a digital platform that will provide resources for educators and students interested in learning the Ukrainian language.

Ukrainian Youth Day is celebrated in the United States on the last Sunday of July. This year, the celebration will be held on July 31.

The theme for 2023 is "Preservation and Revitalization of the Ukrainian Language in the Digital Age." The event will feature a keynote speech by a prominent Ukrainian-American, a panel discussion on language revitalization efforts, and a demonstration of the new digital platform.
